

DEALER SERVICE

ELAN DEALER INDEMNITY PROGRAM

Today's equipment may help reduce certain hazards involved in the sport, but the risk of injury remains. The ELAN Retailer Indemnity Program is designed to help formalize service procedures and minimize the risks to both you and your customer.

Under the plan, ELAN will defend and indemnify the Authorized Retailer in bodily injury claims when certain conditions are met, including following all ELAN required procedures.

The program benefits are not without limits, indemnification is not insurance, and it does not eliminate the need for a shop to have adequate insurance of its own. But, for the shop willing to make the investment in doing a quality job as an assembler of equipment systems from components, it is a key element in their Risk Management plan.

This is only a summary of the ELAN Retailer Indemnity Program; complete requirements are listed in the current ELAN Binding Indemnification Agreement. You should read this Agreement carefully.

Retailer benefits under the terms of the plan are based, in part, on the adequacy of the service work performed by the mechanic. For this reason, thorough employee training is essential. This manual, tech videos and technical seminars are presented by ELAN to help define appropriate shop procedures.

It is the responsibility of the ELAN Authorized Retailer to see that all technical and product information materials provided by Alpina Sports Corp. USA / ELAN Sports, Inc. Canada are ordered and available in their shop. This should be done with the aid of your ELAN Representative while placing your ELAN preseason binding order.

Competition bindings are intended only for high level competitors who have special requirements that do not apply to recreational skiers. Any transaction involving competition bindings must include a warning and assumption of risk agreement signed by the skier that acknowledges the increased risk of using this equipment. See the section in this manual regarding Use of Non-Recommended Settings (Page 112).

THE ELAN RETAILER INDEMNITY PROGRAM APPLIES ONLY TO THE FOLLOWING BINDINGS:

RETAILER AGREEMENTS AND INDEMNIFICATION AGREEMENTS

Both Agreements must be completed annually. This year's Retailer and Indemnification Agreements should already be completed; if not please contact customer service or your sales rep. Agreements and Certification Exams should be received at Elan USA Corp. USA / ELAN Sports, Inc. Canada no later than December 31, 2020.

An administration fee of \$10.00 U.S. per year for each certified mechanic (max. \$ 60.00 U.S. per location) will be charged by

HEAD/TYROLIA RETAILER INDEMNITY PROGRAM

Today's equipment may help reduce certain hazards involved in the sport, but the risk of injury remains. The HEAD/TYROLIA Retailer Indemnity Program is designed to help formulate service procedures and minimize the risks to both you and your customer. Under the plan, HEAD/TYROLIA will defend and indemnify the Authorized Retailer in bodily injury claims when certain conditions are met, including following all HEAD/TYROLIA required procedures.

The program benefits are not without limits. Indemnification is not insurance, and it does not eliminate the need for a shop to have adequate insurance of its own. But, for the shop willing to make the investment in doing a quality job as an assembler of equipment systems from components, it is a key element in their risk management plan.

This is only a summary of the HEAD/TYROLIA Retailer Indemnity Program, complete requirements are listed in the current HEAD/TYROLIA Binding Indemnification Agreement. You should read this Agreement carefully.

Retailer benefits under the terms of the plan are based, in part, on the adequacy of the service work performed by the mechanic. For this reason, thorough employee training is essential. This manual, a tech video and technical seminars are presented by HEAD/TYROLIA to help define appropriate shop procedures.

It is the responsibility of the HEAD/TYROLIA Authorized Retailer to see that all technical and product information materials provided by HEAD USA / HEAD CANADA INC. are ordered and available in their shop. This should be done with the aid of your HEAD/TYROLIA Representative while placing your order.

Competition bindings are intended only for high level competitors who have special requirements that do not apply to recreational skiers. Any transaction involving competition bindings must include a warning and assumption of risk agreement signed by the skier that acknowledges the increased risk of using this equipment. See the section in this manual regarding Use of Non-Recommended Settings (page 91).

RETAILER AGREEMENTS AND INDEMNIFICATION AGREEMENTS

Both Agreements must be completed annually. This year's Retailer and Indemnification Agreements should directly be completed, if not please contact customer service or your sales rep. Completed Training Documentation Forms should be received at HEAD USA INC. / HEAD CANADA INC. no later than December 31, 2020. An administrative fee of \$15 Cdn per year for each Certified Mechanic (Innomax) and \$30 US per location in the USA. If a retailer loses his only TYROLIA Certified Mechanic, he must notify HEAD USA INC. / HEAD CANADA INC. in writing within 48 hours.

SUMMARY OF REQUIREMENTS

- These basic requirements help assure that the end product which is delivered to the customer is appropriate.
- Signed current copies of the HEAD/TYROLIA Authorized Retailer Agreement and the HEAD/TYROLIA Bindings Indemnification Agreement must be on file with HEAD USA INC. / HEAD CANADA INC.
- The shop must adhere to 2020/21 HEAD/TYROLIA procedures for selection, mounting, adjusting, testing and/or servicing of system components as detailed in this manual.
- The actual HEAD/TYROLIA retention/release adjustment or its equivalent, must be used.
- A HEAD/TYROLIA Certified Mechanic must properly mount, inspect, adjust and/or service system components and/or check to make sure all service adjustments, testing and record keeping were properly completed.
- Mechanics must receive full training, including hands-on practice in the use of system testing devices, as provided by the testing device supplier. A multiple operator reproducibility test should be completed and results documented by the shop each season.
- The shop must maintain records of all retail/rental testing and/or service work for 5 years or for the length of the statute of limitations in the state where your business resides, whichever is longer. Bear in mind that the statute of limitations for minors begins only when they come of legal age.

PAPERWORK REQUIREMENTS

- TYROLIA Retail/Rental Workshop tickets have proven their importance in the legal system, and we strongly recommend their use (see elsewhere in this manual). At the very minimum, records must contain the following information:
 - Identification of shop and customer: name, address, phone.
 - Date of transaction or work.
 - Information on which binding settings are based: skier height, weight, skier type, age, boot sole type and length.

- A full description of the equipment being serviced or rented (skis/boots/bindings), including but not limited to brand, model, size and serial numbers.
- Skier code, "inlet" binding release/retention settings, and final settings.
- Signed, dated statement from the HEAD/TYROLIA Certified Mechanic, that all manufacturer's procedures have been completed, and the signature of the mechanic who performed the service (if they are different individuals).
- An agreement dated and signed by the customer, the language of which is substantially similar to the current HEAD/TYROLIA form. This agreement must include the following points:
 - User verification of skier information.
 - WARNING that there are risks of injury inherent in the sport of skiing and that the customer accepts those risks.
 - DISCLOSURE of the equipment's limitations, that it will not release, retain or prevent injury under all circumstances, and is no guarantee of the user's safety.
 - RELEASE language whereby the user releases the retailer, manufacturer and distributor from liability and damages, to the fullest extent allowed by law.
 - STATEMENT that no warranties of any kind are offered by the shop beyond those offered by HEAD/TYROLIA.
 - AGREEMENT that instruction in the use of the equipment has been received, that the skier height, weight, skier type, age, boot sole type and length, as well as the settings on the binding match those on the record form, and that the skier will inspect the system, including the bindings' APD, before each use.
 - Signatures by both the customer and HEAD/TYROLIA Certified Mechanic are required by the HEAD/TYROLIA Retailer Indemnity Program.

NOTE:

- Any changes in documentation requirements must be authorized in writing by HEAD USA INC. / HEAD CANADA INC. POST-ACCIDENT REPORT (SEE SAMPLE IN APPENDIX). In addition to the above information on the system's performance, fill out a Post-Accident Report when you become aware that an injury has occurred. Keep this document for 5 years or the duration of the statute of limitations for minors, whichever is longer.

IN THE EVENT OF AN INJURY CLAIM

- The retailer must give written notice to HEAD USA INC. / HEAD CANADA INC. of any bodily injury claim (which includes any lawsuit, letter from a lawyer, statement from the customer, their family or others alleging wrongdoing or seeking compensation, or other similar circumstances), on or before the tenth calendar day from the date on which the retailer first received notice of any claim for which indemnity will or could be sought under the applicable HEAD/TYROLIA indemnity agreement. The retailer must also notify his/her own attorney and insurance carrier, and must cooperate with HEAD USA INC. / HEAD CANADA INC. and respond to their requests for information, documents and other materials.
- In the event of an injury involving HEAD/TYROLIA equipment (whether or not a claim has been made), a Post-Accident Report must be completed and retained to the extent information and the equipment are available to the retailer. If the entire system is not available for testing that foot should be noted and all available information such as equipment condition, visual indicator settings, and any equipment abnormalities, as well as pertinent statements from the customer or witnesses, should be recorded.
- When filling out a Post-Accident Report, record the numerical test results, not just pass/fail. Fill out the report accurately and completely, without editorial comment. Use quotes if you are taking down exactly what someone has told you. If part of the information called for in the report is unavailable, enter "not available" or another reason why the information has not been written down. This document may become part of a legal case years later,

2. FISCHER RETAILER INDEMNITY PROGRAM

Today's equipment may help reduce certain hazards involved in the sport, but the risk of injury remains. The FISCHER Retailer Indemnity Program is designed to help formalize service procedures and minimize the risks to both you and your customer.

Under the plan, FISCHER will defend and indemnify the Authorized Retailer in bodily injury claims when certain conditions are met, including following all FISCHER required procedures.

The program benefits are not without limits, indemnification is not insurance, and it does not eliminate the need for a shop to have adequate insurance of its own. But, for the shop willing to make the investment in doing a quality job as an assembler of equipment systems from components, it is a key element in their Risk Management plan.

This is only a summary of the FISCHER Retailer Indemnity Program, complete requirements are listed in the current FISCHER Binding Indemnification Agreement. You should read this Agreement carefully.

Retailer benefits under the terms of the plan are based, in part, on the adequacy of the service work performed by the mechanic. For this reason, thorough employee training is essential. This manual and technical seminars are presented by FISCHER to help define appropriate shop procedures.

It is the responsibility of the FISCHER Authorized Retailer to see that all technical and product information materials provided by FISCHER Skis US LLC/Raymond Lanctot LTD, Can. are ordered and available in their shop.

This should be done with the aid of your FISCHER Representative while placing your FISCHER pre-season binding order.

2.1 THE FISCHER RETAILER INDEMNITY PROGRAM FOR 20121 APPLIES. ONLY TO THE FOLLOWING BINDINGS – ENDING WITH SEASON 10I11
